HEATHCOTE JUNCTION HOUSE FOR SALE

?BIG ACRE???BIG HOME!!?

That's right! You don't find these often!

Approximately one big acre with a solid four bedroom, two bathroom, two car garage and carport home.

This lovely sturdy home has been extremely well maintained and exudes an abundance of rustic country charm.

All bedrooms have built in robes, the master with walk in and a small additional lounge or parents retreat.

The typically timber country style kitchen overlooks the meals area, a large open plan lounge split into two areas and another dining area.

Take a look at the built in bar! Very cool!

To the rear of this lovely home you can put your feet up under the covered patio safe from the elements.

Don't snooze and lose!
