119 Wallara Waters Boulevard WALLAN, VIC

Outstanding Family home on the Boulevard

Sitting on a large flat block of approximately 612sqm, this stunning, spacious and stylish family home is awaiting its next chapter with a new family. Suited to owner occupiers and investors alike.

The spacious home comprises 4 large bedrooms, all with WIR's and the master having a larger than usual walk-in robe & ensuite. The central living area combines a large open plan kitchen with stainless appliances & abundant storage.

The home is adorned with high quality fittings and fixtures throughout, gas ducted heating and evaporative cooling and showcases an honest well-built home with nothing to do, even the planning of the hallway width was carefully considered!
