

WALLAN, VIC

STUNNING, ELEGANT, EXQUISITE....

Only just begins to describe one of the best presented homes I have had the pleasure to sell in this range. This is the design that includes everything that was in the showroom plus more.

Polished porcelain tiled entry to master full ensuite, walk-in robe, adjacent from a huge formal living, combined dining sets this prestigious home apart from the rest.

Entertaining is the full focus with gorgeous stone bench tops, glass splash backs, island bench and ample family room.

A classic 3 bedroom plus study home provides oversize bedrooms that compliment a home of this stature.

Undercover outdoor entertaining makes way to a massive backyard with side access for the adventurers needing to park the caravan or boat.
