

15 SINCLAIR CRT WALLAN, VIC

## ALL OFFERS CONSIDERED!

I was just thinking, there aren't a lot of four bedroom properties on the market that can offer such a huge block (in excess of 1020 m2) for family enjoyment, great access to shops and schools plus public transport. Well, not only can this property offer all those goodies, it also has a large four car garage. If you cherish the thought of having a fantastic piece of land, of your children playing in their own backyard, kicking a ball, having a game of cricket and all those things that kids love doing, then you really need to inspect this property.
