

15 SINCLAIR CRT WALLAN, VIC

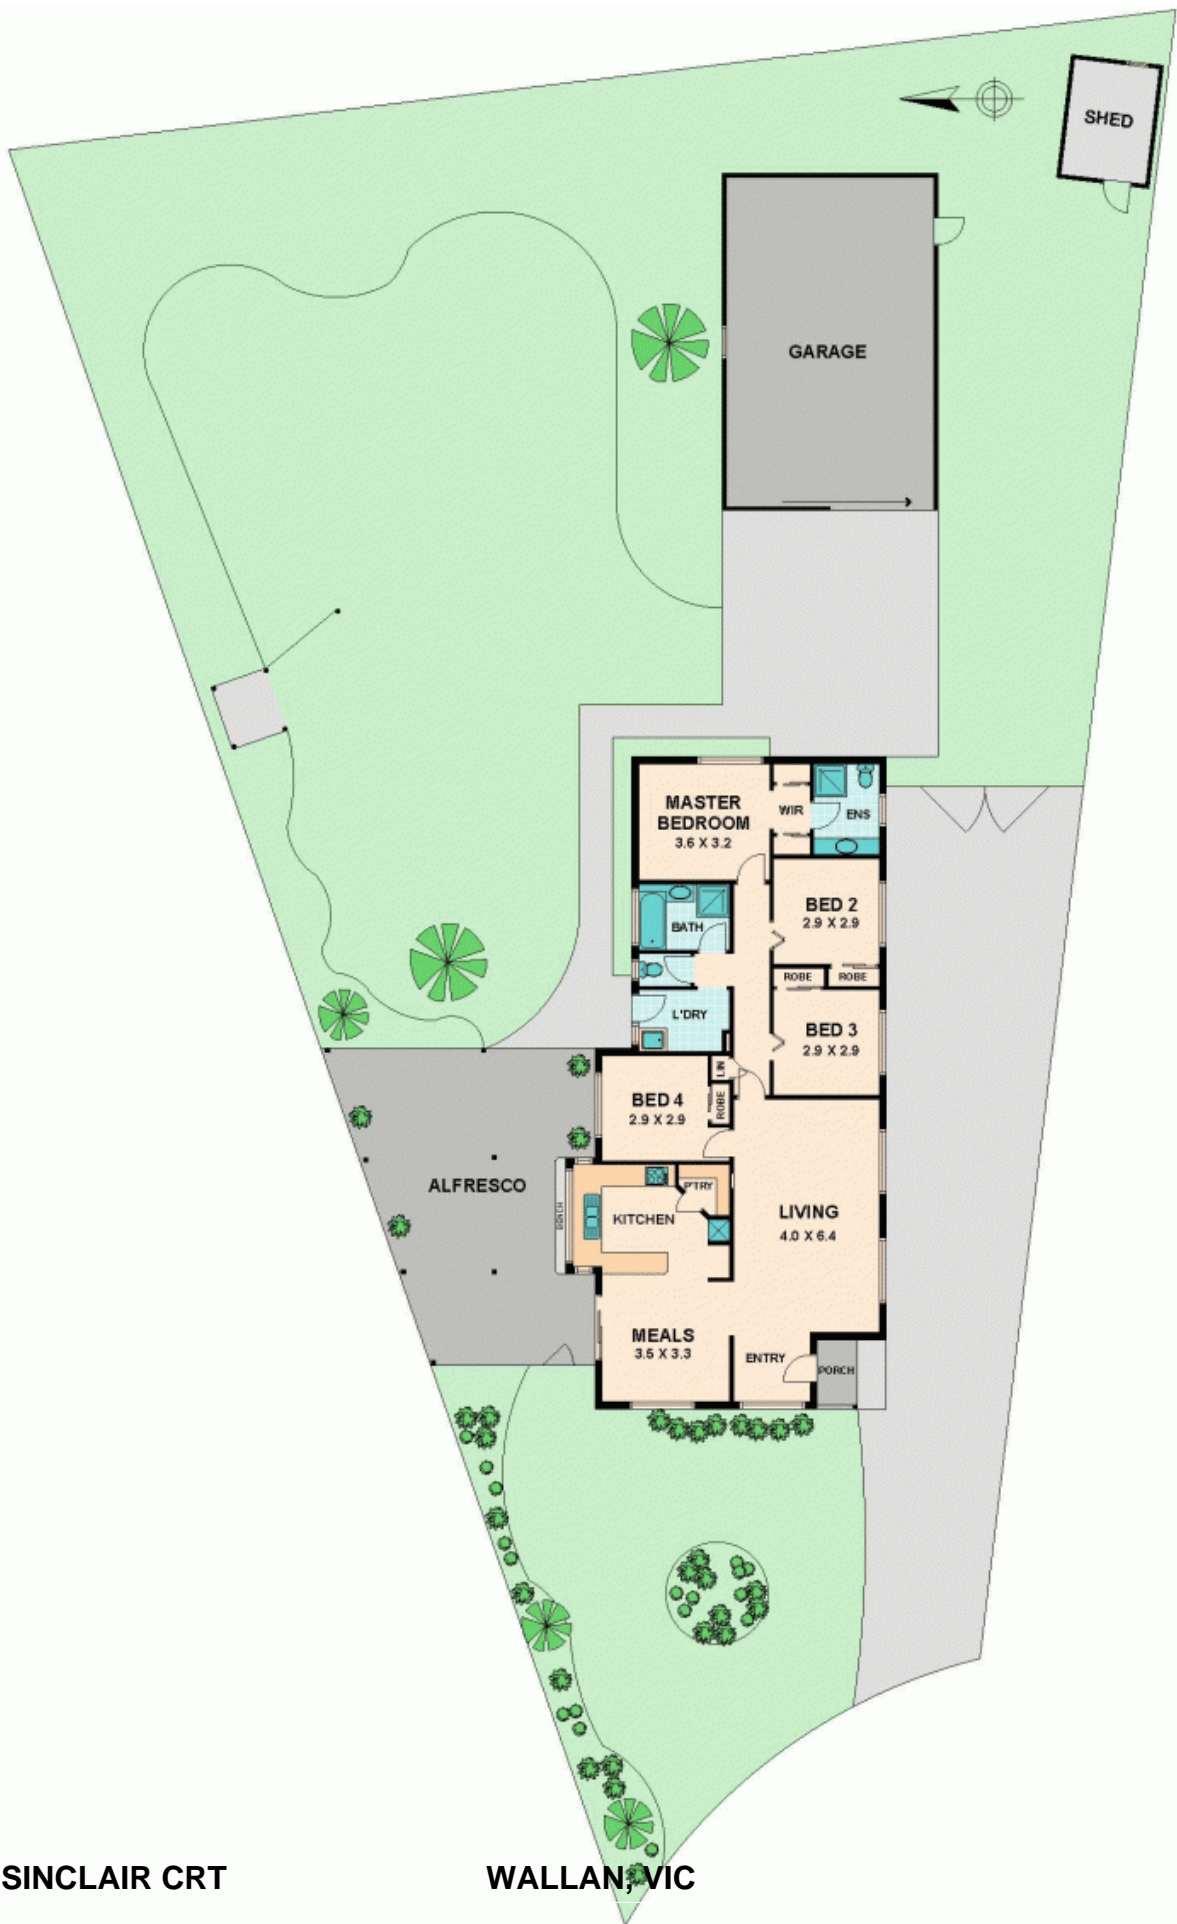

ALL OFFERS CONSIDERED!

I was just thinking, there aren't a lot of four bedroom properties on the market that can offer such a huge block (in excess of 1020 m²) for family enjoyment, great access to shops and schools plus public transport. Well, not only can this property offer all those goodies, it also has a large four car garage. If you cherish the thought of having a fantastic piece of land, of your children playing in their own backyard, kicking a ball, having a game of cricket and all those things that kids love doing, then you really need to inspect this property.
