

2/4 Thompson Place KILMORE, VIC

A "SMART" BUY

So you don't really want a huge garden, or don't have time to look after one? Well, here is the perfect block for you to build your lovely new home on.

It measures about 471m2 and is square in shape.

It's nicely tucked away for privacy, yet boasts a great position in town.

It would be a fantastic buy for you to build your next investment property on too! Be quick, we have such a shortage of land availability in Kilmore - I promise you will not want to miss out on this one.
