

2/4 Thompson Place KILMORE, VIC

### A "SMART" BUY

So you don't really want a huge garden, or don't have time to look after one? Well, here is the perfect block for you to build your lovely new home on.

It measures about 471m<sup>2</sup> and is square in shape.

It's nicely tucked away for privacy, yet boasts a great position in town.

It would be a fantastic buy for you to build your next investment property on too! Be quick, we have such a shortage of land availability in Kilmore - I promise you will not want to miss out on this one.
