MANGALORE LAND FOR SALE 19 ACRES

If you are after something a bit unique, flat, easy to build on, and commuting distance to everywhere without the hassles, then look no further.

Approximately 19 acres of lovely land... land... land!!!! This one is very old school as it is made up of crown allotments, has rural fencing, and a lot of family history attached to it. Now it's just waiting for your family to start it's story and make it's own history to complete it.
